Tyler Secures a Large Majority of the Votes...The Contest for the Attorneys Generalship_How the Delegates Stand to Date.

In a little over three weeks the day set for the helding of the Democratic State Convention at Roanoke will arrive, and as the time draws nearer the interest in the probable result naturally increases. While at first the question as to the successful candidates was the all-absorbing lopic, some attention is now being paid to the organization of the convention.

From what can be learned at this time, it is safe to say that Congressman Peter J. Otey will be the temporary chairman if he wants the office. Otherwise it is understood that Hon. Greenies D. Letcht, of Lexington, is very anxious to fill In a little over three weeks the day set

Mr. Isaac Diggs, of King William, is also an aspirant for the place, and it has been stated by his friends that he had been already promised the support of twenty-one members of that body and that he hoped to secure the majority of the members of that committee.

With reference to the nomination for Governor comparatively little is heard at the present time, and it seems to be gen-erally conceded that the nomination will fall to Major J. Hoge Tyler. This result seems to be accepted good-naturedly as a foregone conclusion, even by the friends of Mr. Ellyson. In speaking on this mat-ter yesterday, one of the latter, who is at the same time a prominent State offi-

at the same time a prominent State official, said to me:

"Well, I have eaten a good deal of crow, and I suppose I will have to cat some more, but I be hanged, if I love it."

This remark characterizes the general sentiment on the subject.

Of the 1.548 delegates who will compose the Democratic State Convention, 99 were reported as elected up to last evening, sithough the reports from some of the counties were not yet completed. Of the number so elected, 639 were instructed for Major Tyler, while 172 were instructed for Mr. Ellyson, and nine of the delegates for Mr. Ellyson, and nine of the delegates are to cast their votes for Judge Baker P. Lee. The number of not-instructed

of the 2 Les delegates 4 are claimed as second choice for Mr. Ellyson and 5 for Mr. Tyler, while of the uninstructed delegates, as far as is known at this time, the following are claimed by time, the following are claimed by the friends of Mr. Ellyson and Mr. Tyler

FOR LIEUTENANT GOVERNOR. While there has been a number of names mentioned in connection with the office of Lieutenant Governor, yet it looks now as if none of the gentlemen spoken of up to this time would receive the nomination. If State Senator Edward Echols, of Staunton, desired the place, he would no doubt be able to secure it, but it is well known that he does not want it.

Those who favor a Populist to be placed on the ticket would be glad to see Major Page or Major R. V. Gaines nominated for the second place, but the former has come out in a public letter, declaring that he would not accept a nomination. In spite of this fact the twenty-three delegates of Franklin county and two from Buckingham county were instructed to yote for him.

two from Hockingnam county were instructed to vote for him.

Hon. Merritt T. Cooke, member of the House of Delegates, who has been mentioned for the place, has not announced himself as a candidate, but his friends think he would accept it, if offered him. Up to this time he has only been endorsed by the thinty-one delegates of Norfolk

Mr. James R. Caton has been endorsed by the eighteen delegates of Alexandria, his native city, while Major R. V. Gaines, of Charlotte county, will be endorsed by the delegates from his section.

As matters stand at present, it seems very probable that some dark horse will be brought out and if that is the case, it is possible that the place will go to the Third Congressional District, which would be a good opportunity to bring either Mr. J. Taylor Ellyson or Colonel A. S. Buford to the front.
